Dear Mr. Oehmler:

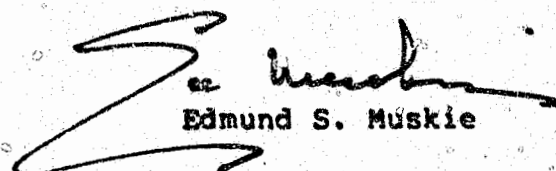

Many thanks to you and the World Affairs Council for sponsoring the luncheon meeting during my recent visit to Pittsburgh.

It was a good session, with stimulating questions and an interesting range of views. I was pleased that a number of students had an opportunity to raise questions, and was particularly impressed by their incisiveness.

Please convey my appreciation to your staff for their fine work.

With best wishes, I am

Sincerely,

Edmund S. Muskie
